**Appalachian State University
SCO ID No. 25-29129-01A**

Sealed proposals will be received until 10:00 AM on 03/27/2025, at ASU's Planning, Design and Construction Facilities Annex at 2458 NC-105, Boone, NC 28607, for the construction of the Hill Street Steam Manhole Replacement project at which time all placed bids will be opened and read.

Project scope includes underground steam and condensate piping, one new steam manhole, and underground domestic water distribution.

An open pre-bid meeting will be held for all interested bidders on 03/14/2025 at 10:00 AM at the project at the John Thomas front entrance sidewalk at 287 Rivers Street, Boone, NC 28607.

Plans and specifications can be obtained directly from RMF Engineering (matthew.boatwright@rmf.com, 919-941-9876). Bids will be received for Single Prime only. Prequalification is not required. The state reserves the unqualified right to reject any and all proposals.

Signed: Mr. Mark Ward
