

## I. SECTION PROPOSALS, EVALUATION, SELECTION AND AWARD

### A. SUMMARY

The objective of this Request for Proposal (RFP) is for the Owner to select a Construction Management (CM) firm at risk to provide professional construction management services during the design and the construction of the Project as described in this Request for Proposal (RFP).

1. The work of the Construction Manager-at-Risk will be performed in two phases under separate contracts for each phase. Phase I will include the pre-construction phase services and the preparation and submission of the Preliminary Guaranteed Maximum Price (POMP) or Guaranteed Maximum Price (GMP). Phase II will include the bidding, award and management of numerous principal and specialty trade contracts for others to provide the actual construction of the Project. Since the Construction Manager-at-Risk will be providing only professional services for the benefit of the Owner based on a fee for such services, this procurement will be made in accordance with provisions of North Carolina General Statute (N.C.G.S) 143-64.31 which require that firms qualified to provide such services be selected on the basis of demonstrated competence and qualification for the type of professional service required without regard to fee and thereafter negotiate a contract for those services at a fair and reasonable fee with the best qualified firm.
2. All work performed under this contract shall be in accordance with the General Conditions of the Contract hereinafter set as modified or supplemented by any Contract Amendments, Special Conditions, or other Contract Documents as listed hereinafter any addenda, and other components of the Contract.

Should a Proposer find discrepancies in the RFP documents, or should he be in doubt as to the meaning or intent of any part thereof, he must, not later than ten (10) calendar days prior to the proposal due date, request clarification in writing from the Issuing Office, which may issue a written Addendum to the RFP. Oral explanations or instructions will not be binding; only written Addenda may be relied upon. Any Addenda resulting from these requests, or from questions raised at the mandatory pre-proposal meeting, will be sent to all listed holders of the RFP's no later than seven (7) calendar days prior to the proposal due date.
2. Any addenda/amendments to the Request for Proposal must be acknowledged in the submitted Proposal.

One (1) original plus two (2) copies (for a total of three (3)) of the Proposal must be received at the issuing office as set forth on the foregoing Data Sheet in order to be considered. The proposal shall be signed in accordance with the provisions of Article 2.c. of the General Conditions of the Contract (Section III of the RFP). The Owner reserves the right to reject either all proposals after the opening of the proposals but before award, or any proposal, in whole or part, when it is in the best interest of the Owner. For the same reason, the Owner reserves the right to waive any minor irregularity in a proposal.
2. Proposers must possess all licenses required by North Carolina law, including, at a minimum, an unlimited general contractor's license in the building classification under N.C.G.S. Chapter 87, and shall submit proof of current licensing with their proposal.
3. If the Proposer is a joint venture firm or partnership, the Proposer must provide all identification information for all parties and all requirements for all parties (i.e., licenses, insurance, etc.) as requested. As part of the proposal submission under the category of Project Planning - General, the Proposer must identify the responsibilities of each joint venture or partnership party with respect to the scope of services/work inclusive of the requirements for each entity based on such services as described in this RFP document. All joint venture/partnership parties will be held responsible for the contract obligations jointly and severally.
4. Proposers should give specific attention to the identification of those portions of their proposals which they deem to be confidential, proprietary information or trade secrets, and provide any justification of why such materials, upon request, should not be disclosed by the Owner under North Carolina public records laws. Construction Managers who are not minority business enterprises are encouraged to make a commitment to include a minority business enterprise as part of their management team. The verifiable goal for minority business participation pursuant to N.C.G.S. 143-128.f. is set at not less than ten percent (10%) of the total value of the work, inclusive of all fees. Written guidelines specifying the actions that the Construction Manager-at-Risk must take to ensure a good faith effort in the recruitment and selection of minority businesses for participation in

contracts awarded under this section are set forth in Appendix F and are herein incorporated by reference as if fully set forth herein.

## **E. PROPOSAL REQUIREMENTS**

1. A Proposer, to be considered, must have a minimum of five (5) years of experience as a Construction Manager or General Contractor.
